

To all 2009 Canton Cup Teams;

Please make sure to read the acceptance information letter which is on the website - www.cantoncup.net. This letter will answer 99% of your questions. It addresses everything from pass cards, team registration and paperwork needs as well as times, game check-ins, contact information and much much more.

Also, I want to remind all local teams that Early team registration is available on Thursday night from 5 - 9 pm at Independence Park. I highly recommend that local teams use this opportunity to beat the crowd. Although this is stated for local teams – everyone is allowed to register during this time.

Please remember that your tournament rosters must be done, on-line before Tuesday night. Advanced T-shirt sales are also available. I guarantee that this year's sweatshirt is going to be a hot item and that we will sell out.

There is no major construction in the local area for you to be concerned with. For those teams staying on I275 in Livonia/Novi/Northville area – there is construction on the northbound lanes of I275 near the M14/I96 interchanges. However, it is most likely to be shut down during the Memorial Weekend.

I again want to apologize to some of you for not responding to your email directly and to be able to make all the requested changes happen. I hope you understand. Please find me over the weekend to discuss further any issues you may have and any suggestions you may have for improvement. We are very open minded and always looking for ways to improve and make this tournament and the overall tournament experience better for the teams, the players, and the spectators.

We are looking forward to your arrival, the weather looks very promising.

John Vaughn
Tournament Director
